2019/2020 Season

Dear Stallion Owner,

Thank you for enquiring about breeding with your stallion this stud season. At Adelaide Plains Equine Clinic, we offer a wide array of equine reproductive services including stallion collection, shipping of cooled semen, semen count and evaluation, and mare artificial insemination (please see mare listing for services and pricing information).

We have a collection mount and a teaser mare that will allow us to collect your stallion. It is helpful for us to know approximately 24-48 hours in advance when your stallion will need collection in order for us to prepare our teaser mare, however in most cases we often can accommodate "emergency" collections even on the weekend. We are able to provide cooled semen shippers across Australia or we can breed a mare at the clinic with fresh semen. We also have frozen semen shippers and can store frozen semen.

If there are any concerns with semen quality, we perform semen evaluation including sperm morphology, progressive motility, and count.

Please give us a call if you are interested in collecting your stallion or for any of our other reproductive services.

Stallion Collection Fees 2019/2020 Season

Collect stallion:	\$350-\$400*
Collect new stallion/train stallion to mount:	\$450+
Complete semen evaluation:	\$120
Semen count only:	\$60
Freight & Shipping:	Ask for Quote**

*Price may vary due to different costs of Semen Extender amounts used for shipping purposes.

**Shipping costs will vary depending on where the semen is being sent and how. Costs are quoted subject to final cost from freight company invoice and payable at the time of collection. For interstate shipment there will be a charge for the courier to the airport and then freight costs for the flight. We use Pakair (via Qantas Freight) but can use your chosen transport company if preferred. (Please note we only charge you what the freight company charges us, so occasionally may be slightly more/less than quoted)

Terms & Conditions: *The fees are to be paid in full* at the time of collection. We now offer 'VetPay' as an alternative payment option. You can now pre-register for approval at www.vetpay.com.au or it can be done at the clinic prior to commencement.
